

Course Code DANC-446	Course Title Teaching Methodologies in Dance	ECTS Credits 6
Department Music and Dance	Semester Fall	Prerequisites DANC-445
Type of Course Required	Field Dance Pedagogy	Language of Instruction English
Level of Course 1 st Cycle	Year of Study 3 rd	Lecturer Julia Brendle
Mode of Delivery Face-to-face	Work Placement N/A	Co-requisites None

Objectives of the Course:

This course focuses on the practical application of theories around dance pedagogy. Students examine approaches, methodologies and issues surrounding the teaching of dance to children primarily based on the creative dance method, as well as different approaches to structuring a contemporary dance class for adolescents and adults. - Both incorporating the Laban/Bartenieff system of the elements of dance and taking into consideration the developmental stages of the specific age group. All teaching methodologies, techniques and exercises will be explored theoretically and practically.

Learning Outcomes:

After the completion of the course students are expected to be able to:

1. Apply theoretical and practical knowledge of the teaching methodologies supporting the teaching of creative dance to children.
2. Create age and level appropriate lesson plans, execute them in class and receive feedback.
3. Revise and refine their lessons, demonstrating a practical understanding of revisions, feedback and self-assessment.

Course Contents:

<ol style="list-style-type: none">1. Introduction to course and discussion of key topics; Why dance education?2. Child development in relation to dance education3. Creative movement vs. more stylized techniques as the basis of dance education4. Moving through the elements of dance: A Laban-based approach to Dance Education5.
