

<b>Course Code</b> MULT-424	<b>Course Title</b> Applied Multimedia Final Project I	<b>ECTS Credits</b> 6
<b>Department</b> Design and Multimedia	<b>Semester</b> Fall/spring	<b>Prerequisites</b> MULT-362
<b>Type of Course</b> Major Requirement	<b>Field</b> Applied Multimedia	<b>Language of Instruction</b> English
<b>Level of Course</b> 1 <sup>st</sup> Cycle	<b>Year of Study</b> 4 <sup>th</sup>	<b>Lecturer(s)</b> Paschalis Paschalis
<b>Mode of delivery</b> Face-to-face	<b>Work placement</b> N/A	<b>Co-requisites</b> MULT-460

### Objectives of the Course:

The main objectives of the course are to:

- Offer the student an opportunity to combine the knowledge gained from a large number of courses and put to practice what they have learned
- Provide students a chance to show their competence in: choosing a topic of their interest in the area of Multimedia
- Give students the opportunity to carry out a serious piece of work successfully, working independently, solving problems, making decisions and justifying them, making good use of their time and setting their priorities intelligently and communicating their ideas to others.
- Guide students to design and implement a substantial piece of software (Multimedia application)
- Guide students to utilize their intellectual ability in writing the dissertation

### Learning Outcomes:

After completion of the course students are expected to be able to:

1. Plan and bring to fruition a major piece of individual work
2. Utilize their creativity in putting theoretical knowledge and multimedia skills into practice.
3. Develop additional skills in applying multimedia design and development, programming concepts, principles, techniques and practices into a substantially large project.
4. Demonstrate their abilities in multimedia management principles and methods.
5. Develop oral and writing skills in communicating and presenting multimedia applications.

### Course Contents:

1. Creative thinking
2. Research
3. Proposal
4. Interface design
5. Research implementation
6. Project development
7. Evaluation
8. Written dissertation

**Learning Activities and Teaching Methods:**

Inducting seminar, individual supervision meetings

**Assessment Methods:**

Written dissertation, multimedia application, final presentation
