### Objectives of the Course:

The main objectives of the course are to:

Deal in-depth with a particular topic in the field of International Relations or European Studies in a thorough manner. The student will write an analytical paper to explore and discuss a specific issue in-depth. The result will be a document of 8-10,000 words and the student will work closely with a member of staff on the project.

### Learning Outcomes:

After completion of the course students are expected to be able to:

1. Demonstrate knowledge and understanding of the main issues and theoretical debates in International Relations.
2. Demonstrate knowledge and understanding of the major actors and institutions in global politics.
3. Demonstrate knowledge and understanding of the development, rules and prevalent values of the modern international system.
4. Demonstrate knowledge and understanding of the power structures, biases and inequalities of the modern international system.
5. Demonstrate knowledge and understanding of the role of multidisciplinary theories in explaining, analyzing and critically approaching Europe as a field of study.
6. Demonstrate knowledge and understanding of the processes and problems of integration as well as Europe's historical, political, social, economic and cultural development.
7. Demonstrate knowledge and understanding of the European Union's institutional structure and its major policy initiatives.
8. Demonstrate knowledge and understanding of current European affairs and challenges.
9. Illustrate the ability to communicate in writing and orally on issues in European affairs and international relations and be able to organize the available time and cope with deadlines.
10. Report in the English language both orally and in written form at a high level of competence.
11. Use IT skills (word processing, powerpoint and Internet) as study and communication tools.
12. Illustrate the ability to continue learning in a self-directed manner and work on an academic level within the intended professional field.

13. Use libraries, bibliographical material and academic research in an efficient manner.

**Course Contents:**

1. As determined by the instructor

**Learning Activities and Teaching Methods:**

1. Tutorial sessions
