

Course Code SPRT-301	Course Title Sociological and Historical Aspects of Sport	ECTS Credits 6
Department Hospitality ,Tourism and Sports Management	Semester Fall / Spring	Prerequisites None
Type of Course Compulsory/Elective	Field Sports Management	Language of Instruction English
Level of Course 1 st Cycle	Year of Study 3rd	Lecturer(s)
Mode of Delivery face-to-face	Work Placement N/A	Co-requisites None

Objectives of the Course:

The main objectives of the course are to:

- Help students develop a sociological and historical perspective about sports and physical activity
- Make the students understand the development of sport over time in order to enhance their abilities to analyze processes in modern sport
- Encourage students to use critical thinking in order to understand sports and physical activities in the context of society, beyond performance, results, and competition.
- Develop the students' awareness on how sports and sports participation has an impact on the lives of individuals and groups within a society
- Provide the students the necessary tools that will help them make informed choices about sports, sports participation and administration in the communities and environments they work in.

Learning Outcomes:

After completion of the course students will be expected to be able to:

1. Understand the historical, social and cultural development of sport over time
2. Understand sports and physical activities as social and cultural phenomena
3. Use basic sociological theories and concepts in order to examine how sports influences human social life and the various meanings sports takes depending on space and time.
4. Understand the relationship between sports and several social issues and ideologies, such as, deviance, violence, social class, race, gender, etc
5. Understand the relationship between sports and other social institutions and spheres of social and cultural life, such as, family, education, media, politics, etc
