NOTES

1. According to the education system followed by the University of Nicosia, tuition is calculated and charged according to the number of ECTS a student is enrolled in every semester. Some students may need to take pre-university English courses (based on their score in the English Placement Test). These courses carry additional teaching hours per week and fewer ECTS and the tuition is based on the teaching hours.
2. Normal (full) attendance corresponds to 30 ECTS per semester (60 ECTS per year).
3. The University offers scholarships to on-campus undergraduate full-time students based on various criteria (high school leaving certificate, participation in sports activities, families with financial difficulties, large families, etc.). More information about scholarships can be obtained from the Admissions Department.
4. Scholarships/financial aid apply to tuition and are deducted from the monthly instalments of each semester.
5. A late payment charge of 4% per year may be imposed on all overdue amounts until their full settlement. Students with outstanding financial obligations to the University will not be permitted to receive examination results, grades, transcripts, degree certificates or other documents, or enrol for the following semester until their accounts are settled.
