NOTES

1 According to the education system followed by the University of Nicosia, tuition is calculated and charged according to the number of ECTS a student is enrolled in every semester. Some students may need to take pre-university English courses (based on their score in the English Placement Test).

These courses carry additional teaching hours per week and fewer ECTS and the cost is based on the teaching hours.

2 Normal (full) attendance corresponds to 30 ECTS per semester (60 ECTS per year).

3 The University offers scholarships to Cypriot full-time On-Campus students based on various criteria (high school leaving certificate, participation in sports activities, families with financial difficulties, large families, etc.). Details of these scholarships are provided in a separate leaflet.

4 In case a student is entitled to some type of scholarship/ financial aid, this applies to tuition and is deducted from the four instalments of each semester.
